ONE CARD ACCEPTED WORLDWIDE

Sky Services has created a new card in partnership with Avcard for the Business Aviation sector: the **SKY Card**.

The card enables to pay, simply and securely, in person for the General Aviation services received at our FBOs in Italy such as:

- Apt taxes
- Flight Planning 
- Fuel
- Catering through SKY CUISINE
- Handling
- Maintenance

and many more.

You can contact our SKY team by email at **marketing@skyservices.it** to receive our best quotation on handling, fuel, catering or any other additional service you might need.

The same card can be used also at over **7600 locations** around the world in **190 countries** that virtually include every important airport destination for all services provided to your aircraft.

SKY SERVICES SPA Head Office

Via Guantai Nuovi 16 80133 Naples Italy
Ph. +39 081 5522 421 - Ph. +39 081 2514 837

Another advantage is that the card does not charge for annual fees and offers VAT compliance and exemption support. When used the right way, it gives benefits such as discounts and rewards. To keep control of the amounts spent, your personal reporting is visible through a dedicated online access.

To apply for the card it is necessary to complete the "Become a Customer" form and send it by email: **info@skyservices.it**
fax: **+39 081 5513439**

You can also download it from our website:
